QTR: 1 2 3 4

The purpose of this form is to track, on a quarterly basis, the environmental activities conducted through CCE programs. For the purposes of this form, environmental activities are defined as:

- work with community based agencies on ways to facilitate community wide nutrition behavior change,
- work with retailers to market healthy foods,
- work with community based agencies (soup kitchens, food pantries, summer feeding sites, etc.) to facilitate healthy food offerings,
- work with community based agencies to facilitate access to fresh produce (i.e. community gardens, initiate farmers’ markets in food deserts, etc.) and/or access to safe areas for physical activity (i.e. walking trails, sidewalks, recreation sites, etc.), or
- meetings with school personnel to implement child nutrition components.

Description of Activity:

Number of Activities	Type of Activity	Number of agency/school partners engaged*
	work with <u>community based agencies</u> on ways to facilitate community wide nutrition behavior change	
	work with <u>retailers</u> to market healthy foods	
	work with <u>community based agencies</u> (soup kitchens, food pantries, summer feeding sites, etc.) to facilitate healthy food offerings	
	work with <u>community based agencies</u> to facilitate <u>access to fresh produce</u> (i.e. community gardens, initiate farmers’ markets in food deserts, etc.) and/or <u>access to safe areas for physical activity</u> (i.e. walking trails, sidewalks, recreation sites, etc.)	
	meetings with <u>school personnel</u> to implement child nutrition components	

*Count each agency/school partner only once (1 time) regardless of the number of times, within the quarter, in which he/she engaged in the activity. **Note:** Telephone calls/correspondence are not counted. However, developing and maintaining relationships with community and school partners is a critical aspect of your environmental work.
